

SAY!

(By CHARLES J. ARNOLD)

Last evening I had made all of my plans to go to the Granada Motion Picture show and see "The Passing of the Oklahoma Outlaws," only to find upon my arrival home that "The Canary Murder Case" at the Vancastle was the movie to which I really was going. Oft times my plans are similarly changed, but there is no use of dragging you into the whys and wherefores of the matter, for if you are married you know anyhow. Jim, my boy, and a neighbor boy engineered a coup and managed to evade the "Who Killed the Canary" event in favor of the Outlaws, so this morning I got a detailed description of the thriller which helped a lot. But back to the Murder Mystery at the Vancastle. Who killed the Canary was the big question involved in the picture. Just at the conclusion of the show the management asked us spectators not to tell who it proved to be and so I am not going to betray my trust. I will say, however, that it was not the Cat as most people would believe. No, the cat was busy at the gold fish bowl and in this instance had nothing to do with the death of the Canary.

John Fellows, of Manhattan, a township assessor, is blaming me for the loss of a dog tax book. Mr. Fellows, meeting one of his fellow township residents, in Greencastle Thursday, backed him up against my "Community" car, and, using the fender as a desk started work of assessing his victim. It happened that before they had completed the work, I had occasion to use the car. When I drove away, I carried on the running board a dog tax register Mr. Fellows had laid on the machine. When I got back to the office Mr. Fellows was awaiting me but the book was missing. Both Mr. Fellows and myself would appreciate the return of the book to The Herald office, as its loss means a lot of additional work for the assessor and "some humiliation" for me. Thanks.

Paul Albin, Greencastle township trustee, is walking "on a cane" as the result of his attempting to "break" a young horse at his farm, east of town a few days ago. The horse, unintentionally, I hope, stepped on Mr. Albin's foot and so there you are. In my opinion, Mr. Albin was more to blame than the horse. Of course the horse should have been more gentlemanly than to have stepped on Mr. Albin's foot, but Mr. Albin should have had more judgement than to have attempted to "break" a horse.

The brazenness of some folks. Why some of the boys are now using their "iron hats" for everyday wear. At first they only wore them on dress-up occasions or when they went to Indianapolis or other foreign ports.

They certainly look nice and are all right until some accommodating friend sits down on them and then—they sure are sad.

There have been no reports of ashes dumped on the downtown streets for several days now.

Spring formally entered with a lot of bluster. But it probably will calm down within a short time.

I met one of the attorneys for the eleven men tried this week in the Putnam Circuit Court on a charge of contributing to the delinquency of a minor, just after the jury had returned its verdict, Thursday afternoon. "Well," said I "what did the jury do for the boys?" "Looks to me like it gave them all a life sentence," responded the attorney. And from that I gleaned that they got the "limit."

The penal farm sentence given Robert Howard, one of the defendants, will, no doubt prove a novel experience for in his trial he testified that he had not worked but a few weeks in six years. "Cap" Howard probably will find some work for him to do at the farm.

It will be nice for the boys to get down to the farm before "Brother" Shumaker leaves.

The official opening of Spring could be easily distinguished by the mud on ones shoes.

WEATHER FORECAST

Showers and thunderstorms probable tonight and Saturday. Moderate temperature.

ONLY ONE STUDENT IN ORATORICAL CONTEST

With Bainbridge high school the only school in Putnam County with an orator on the Constitution, it is probable that this student will represent Putnam County in the district contest of the National oratorical contest on the Constitution. The contest is sponsored in Indiana by the State Bar Association.

According to C. C. Gillen, county chairman, other schools were not notified of the contest this year and consequently did not prepare students to enter the county contest.

THOUSANDS PAY HOMAGE TO SOLDIER

MARSHAL FERDINAND FOCH TO BE HONORED IN DEATH AS NO OTHER MILITARY CHIEF OF MODERN TIMES HAS BEEN HONORED—BODY TO LIE UNDER ARCH OF TRIUMPH

By FREDERICK K. ABBOTT
I. N. S. Staff Correspondent
PARIS, March 22.—The body of Marshal Ferdinand Foch, France's beloved warrior, reposed in state in the grand salon of his home today, while an officers' guard of honor stood watch and thousands filed past his bier in silent homage.

The simple soldier who, living, shirked glory as much as he could, is to be honored in death as no other military chief of modern times has been honored.

For two days before he is accorded a national funeral on Tuesday, the Marshal's body will lie under the arch of triumph beside the tomb of the unknown soldier.

His last resting place will be in the chapel of Les Invalides beside the remains of Napoleon Bonaparte. Sunday morning, the Marshal's body will be laid upon a gun carriage and taken from his home to beneath the arch of triumph under cavalry escort.

There the hundreds of thousands who idolized the departed chief will file past the coffin. A mounted guard of officers will be maintained throughout the two days it will rest beneath the arch.

Sunday night, the arch will be illuminated in honor of the two bodies lying under its shadow—that of the great Generalissimo who led the allied armies to victory in 1918, and that of the unknown soldier who symbolizes his followers who gave their all.

No wreaths will be laid on the coffin or at the arch at the request of the Marshal himself, made in his will.

Monday night, the Marshal's body again will be laid upon a gun carriage and taken to the Cathedral Notre Dame under cavalry escort.

At nine o'clock Tuesday morning, a high mass of requiem will be sung in the cathedral. The Marshal was a devout Catholic.

After the religious ceremonies the coffin will be borne to Les Invalides amid solemn and magnificent splendor. President Doumergue will follow the gun carriage bearing the coffin on foot.

Three marshals of France, Petain, Franchet Desperay and Lyautey together with General Pershing, of the United States, General Weygand, the Marshal's most intimate friend, Field Marshal Lord Plummer and Field Marshal Sir George Milne of Britain will act as pall-bearers according to present plans. Marshal Joffre is now too weak to act in that capacity.

ATTEND WATER WORKS CO., RATE CONFERENCE

Mayor Charles McGaughey, C. B. Havens, Charles Martin and Charles J. Arnold were in Indianapolis, Friday afternoon, to attend a conference of the officers of the Greencastle Water Works Co., public service commission members and the attorneys representing the city of Greencastle, regarding the Water Works rate case.

RICHARD STITES IS VICTIM OF AUTO ACCIDENT

GREENCASTLE MAN DIES IN CITY HOSPITAL AT INDIANAPOLIS OF INJURIES SUFFERED EARLIER IN DAY

CAUGHT UNDER GRAVEL TRUCK
Son Helps Remove Father From Under Vehicle—Was Hauling Gravel For William Randel Of This City

Richard "Dick" Stites, age 49 years, west Jacob street, died at the city hospital in Indianapolis at 6:20 o'clock Thursday evening of injuries suffered when a gravel truck he was driving collided with an automobile Thursday morning near 11 o'clock at the intersection of Meridian and Troy streets, in Indianapolis.

Mr. Stites was driving a ton and a half truck loaded with gravel from the Marion Sand and Gravel company and was going west on Troy street, when his truck collided at the intersection of Meridian street with a Hudson sedan driven by Claude Stanley of Franklin. The impact turned the truck around. Mr. Stites was thrown from the cab onto the pavement and as the truck turned over he was caught through the hips by the body of the truck.

His son Lee Stites and Ora Hall were each following close behind with loads of gravel. They saw the accident, stopped their trucks and rushed to the scene. Lee Stites lifted the truck off the injured man and Mr. Hall dragged him from beneath the wreckage.

Mr. Stites was unconscious when he was taken from beneath the truck but regained consciousness before he was removed to the hospital. He was conscious until about 2:30 o'clock in the afternoon. He suffered a fractured skull and internal injuries and it was believed at the hospital that death was caused by the internal injuries.

Mr. Stanley, driver of the Hudson car suffered minor cuts and was also taken to the hospital, but later released. His car was demolished.

Mr. Stites was employed by William Randel Truck Co.

Mr. Randel had sent Mr. Stites and several other men to Indianapolis Thursday morning to haul gravel for the Marion Sand and Gravel Company and each had their first load when the accident occurred.

Mr. Stites was born in Putnam county near Clinton Falls and always lived in this county. He is survived by the widow and five sons, Lee Ernest, Roscoe, Kenneth and William, and two daughters, Vieta and Mary, all of Greencastle. A brother, Chas. Stites of Bainbridge also survives.

PLANES REAP HARVEST

EL PASO, Tex., Mar. 21.—(INS)—Airplane companies are making a golden harvest out of the Mexican revolution, officials of the Scenic Airways reported today.

Curiosity seekers by the hundreds are chartering planes for trips along the border, hoping to have a vantage seat for the military maneuvers.

Tri-motored planes will be kept in constant service for the new air goldmine, according to the airplane company officials.

HOMER FRAZIER FILES TODAY; MAKES CONTEST

PRIMARY ELECTION LOOMS IN GREENCASTLE UNLESS ONE CANDIDATE FOR COUNCILMAN IN FIRST WARD WITHDRAWS—CHARLES KING PREVIOUSLY FILED

Homer Frazier, filling station operator, today filed his declaration as a candidate for councilman on the Democratic ticket from the First Ward. Filing of Mr. Frazier's declaration creates the first contest in any of the wards in Greencastle and unless one of the candidates withdraws before April 7 a primary election in Greencastle is certain.

Charles King has previously filed his declaration as a candidate for councilman on the Democratic ticket from the First Ward.

Present city officials had hoped to save the cost of a primary election in Greencastle by having only one candidate on both tickets file for each office. A primary will cost the city more than \$1,000, it is estimated.

BAINBRIDGE MAN IS DEAD

George Sands, age 67 years, died at his home at Bainbridge Thursday morning at 4:30 o'clock following an illness of more than a year. His condition was critical for several weeks prior to his death. He was suffering of a complication of diseases.

Mr. Sands was born near Thorn-ton and had spent the past eight years in Bainbridge.

Surviving is the widow, Mrs. Cora Sands and one son, Homer Sands, undertaker at Bainbridge.

During his residence in Bainbridge Mr. Sands was a member of the Methodist church and was one of its most faithful workers. He also was a member of the Masonic lodge.

The funeral service will be Saturday morning at the home, with Dr. E. R. Bartlett of DePauw University, in charge. Interment will be in the Mt. Moriah cemetery near Bellmore.

SIX RECEIVE THE MAXIMUM SENTENCES

JURY SPENDS ALMOST SIX HOURS FIXING PENALTIES AGAINST PERSONS CONVICTED OF CONTRIBUTING TO DELINQUENCY OF MINOR

WILL BE TAKEN TO FARM
Sheriff Edward Eiteljorge Had Full Jail Thursday Night Following Return of Verdicts

Eleven Greencastle men convicted by a jury of contributing to the delinquency of Franklin Risk, 16 years old, will be taken to the Indiana State Farm today and Saturday to begin terms ranging from thirty days to six months imprisonment. In addition each of the defendants will pay a fine ranging from \$100 to \$300.

It is said the jury had no difficulty in arriving at a guilty verdict but that it took until 3:50 o'clock Thursday afternoon to fix the penalty in each case. The case went to the jury at 10:15 o'clock Thursday morning.

The jury in convicting the eleven defendants upheld the plea of Prosecutor Marshall Abrams for morality and decency in Greencastle.

Penalties assessed against each of the defendants showing the fine and Penal Farm sentence follow:

Francis Moran, \$300, six months.
Robert Howard, \$300, six months.
George Ash, \$150, six months.
Edward Stone, \$200, six months.
Maynard Alsbaugh, \$200, six months.

James Crawley, \$250, six months.

Richard Miller, \$200, ninety days.

V. E. Giron, \$200, thirty days.

James Skinnerhorn, \$100, thirty days.

Harry Howard, \$300, thirty days.

Dugan Ash, \$200, ninety days.

Of the above defendants three are married. These are V. E. Giron, James Skinnerhorn and Dugan Ash. Of the married defendants two were shown more leniency than the third.

In the event none of the defendants are able to pay their fines they will serve out their terms at the rate of \$1 a day at the Indiana State Farm which will increase their sentences from 100 days to 300 days.

All of the defendants were indicted by the Putnam County Grand Jury March 12 on evidence given by Franklin Risk, minor, who alleged he committed acts of sodomy with each of the defendants. In all 26 different acts of sodomy with the eleven defendants were described by the prosecuting witness. Most of the defendants presented no defense other than to make denials of the charge.

The joint trial of the eleven men began in the Putnam Circuit court before a jury late Monday afternoon after most of the first day had been devoted to securing a jury. The prosecuting witness was kept on the stand all day Tuesday describing his relations with the defendants. Severe cross-examination by three defense attorneys failed to shake his stories.

Each of the defendants took the stand in his own behalf Wednesday and made direct denials of the charge.

The only closing argument in the case was made Thursday morning by Prosecutor Marshall Abrams who devoted an hour to reviewing the evidence in the case and ending with a plea for decency and morality in Greencastle and community.

The case went to the jury at 10:15 o'clock Thursday morning and the verdicts were returned at 3:50 in the afternoon.

TO BROADCAST DERBY
NEW YORK, Mar. 21.—(INS)—The Kentucky Derby, premier American turf classic, will be broadcast by five announcers at the Churchill Downs course in Louisville on May 18, according to an announcement made public today by the National Broadcasting Company. A widow and three children and the brother of this city are among the survivors. Mr. and Mrs. Harry M. Foster will attend the funeral which probably will be held at Newcastle Saturday.

NEGRO RELATES MANY CRIMES IN CONFESSION

ADMITTS ATTACK ON GARY GIRL WITH HATCHET AND OTHER HORRIBLE CRIMES—CLEARS UP SEVERAL CASES THAT HAVE BAFLED POLICE

GARY, Ind., Mar. 22.—(INS)—Gillis Mack, gigantic negro, today created a sensation in police circles when he broke down and confessed a series of crimes that stamps him one of the worst criminals ever locked up in the Gary jail.

Mack was arrested on suspicion a few hours after the body of pretty Josephine Odorizzi, 20, had been found last Monday in a sandlot near her home.

He not only confessed responsibility for that crime, but cleared up several others that baffled authorities and threw Gary citizens into a veritable state of terror.

The negro, who resisted the strenuous grilling for hours, suddenly "broke" and told it all. He said he had hacked Miss Odorizzi to death with a hatchet, and robbed her of her valuables.

Then he confessed to the murder on March 15, of James Welsh, porter in a beer flat, because Welsh knew him and was in a position to identify him as the robber of Welsh's employer.

Continuing his weird confession, Mack told of attacking 16-year-old Mary Giel, runaway Milwaukee girl and her companion, Chester Bybalski, as they strolled homeward from a movie, battering them so terribly with a club that the girl is still in a (Please Turn to Page 2)

Continuation B BARNETT TRIAL SET FOR MONDAY

Trial of Cecil Barnett and Hugh Barnett, both married men, charged with contributing to the delinquency of Franklin Risk, minor, has been set for next Monday in the Putnam Circuit court. Both men were indicted by the Grand Jury along with eleven other defendants who were convicted in Circuit court by a jury Thursday. The former is the father of several children.

Twenty-four additional jurors for service Monday were drawn this morning. The additional jurors, however, had not been summoned late in the afternoon because it was believed the two defendants might enter pleas of guilty and throw themselves on the mercy of the court. The jurors who will be called for jury service Monday, unless the defendants change their pleas, are:

G. G. Hill, Jefferson twp.; Raymond Wright, Madison; Frank L. Ader, Monroe; Albert Balch, Franklin; Noble Allee, Jefferson; Glen L. Daggy, Washington; Louis Neier, Cloverdale; Robert Blaydes, Franklin; Charles Mitchell, Warren; Earl Buntin, Marion; Chester Ruark, Floyd; William Modlin, Jackson; Glenn Jones, Monroe; J. Frank Collings, Washington; Roscoe Daggy, Greencastle; Alva Carrington, Russell, R. S. Cowgill, Marion; Frank Moore, Madison; H. C. Appleby, Cloverdale; Jacob Crosby, Jackson; Leslie Frank, Clinton; Floyd Gardner, Russell; Kenneth F. Harris, Greencastle; John Layman, Madison.

FORMER COUNTY FARM SUPT. IS TRAIN VICTIM

ACCIDENT OCCURS ON TRACKS WEST OF PENNSYLVANIA RAILROAD STATION ABOUT 8:52 O'CLOCK

SLIPPED ON RAIL, BELIEF
Engineer Unable to Stop Train After Seeing Victim on Rails—Body Mutilated by Train

Oather McCullough, age 61 years, former farmer of Clay and Putnam Counties, who retired as superintendent of the Putnam County Farm last September, was ground to pieces under the wheels of No. 31, fast west bound Pennsylvania passenger train, west of the local station about 8:52 o'clock this morning. The victim apparently slipped on a wet rail and fell under the train.

Mr. McCullough had left his home at Sycamore and Crown streets, about 8 o'clock this morning to walk to the home of a daughter, Mrs. William (Ruth) Penman, at the Lone Star Cement plant. Before he left his wife had advised him to ride in his automobile but Mr. McCullough declined and told her he needed the walk and would walk down the tracks which are only a short distance from his home.

According to engineer William Brown of the Pennsylvania train the victim of the accident was walking on the north side of the double tracks and apparently started to cross over to the south when he heard the train bearing down on him. He apparently stumbled on the wet rails and fell across the south rail of the north track.

The train ground his body to pieces. The engineer stopped his train within two hundred yards and returned to the scene of the accident. Seeing the victim was dead the engineer notified J. M. Hellinger, local station agent. The body was severed below the waist but the upper trunk and features were not badly mutilated.

City Marshal Paul Grimes was summoned and prevented the upper trunk, which was lying face down from being disturbed until the arrival of J. E. McCurry, local undertaker and acting coroner. Not until Mr. McCurry arrived was the identity of the victim learned.

Mr. McCullough was wearing a leather jacket, blue shirt, dark trousers and ordinary high-top shoes. His spectacles were shattered and other articles he carried, including a pocketbook, were scattered along the track.

The engineer said he believed that the victim was walking toward him and had deliberately thrown himself in front of the train. The engineer, however, was unable to see the victim until almost upon him because of a curve and relatives and friends believe the tragedy was entirely accidental. The train was in charge of conductor Harry Davey of Terre Haute.

Prior to taking the superintendency of the County Farm Mr. McCullough was a farmer of Clay and Putnam Counties. For many years he operated a farm in Washington township. Since his retirement as superintendent of the County Farm last September he has been living on south Crown street.

Besides the widow he is survived by nine children, Mrs. Penman, of Limestone, Jacob, Hiram and Owen at home; Carey McCullough, of Brazil; Mrs. Frank Thorp, of Mt. Meridian; Mrs. C. M. (Ella) Wilson, Mrs. A. M. Giltz and Mrs. Everett Giltz, all of Brazil.

The funeral will be Sunday and will be in charge of the Masons. The time and place of the services will be announced Saturday. Burial will be in Croy's Creek cemetery.

FARM THIEVES BECOME ACTIVE ONCE AGAIN

Farm thieves whose activities in Putnam County were more or less curbed with the arrest at Martinsville a week ago of Guy Newkirk, alias Charles Moore and Bert Wilson, were active again Thursday night according to Dalby Collins, residing west of Bainbridge, who reported the theft of a valuable set of new harness.

Local authorities are at a loss as to the thieves. They hardly think it could be Moore and Wilson who escaped the County Jail here Monday night. However, the fact that Moore and Wilson specialized in harness thefts makes the theft look suspiciously like their work.

Whether Moore and Wilson are trying to show their contempt for local law enforcement officers or whether other thieves besides Moore and Wilson carried on their operations in this county is what is now puzzling local officers.

CHILDREN REPORTED KILLED IN TORNADO

ANNISTON, Ala., Mar. 22.—(INS)—Two small children were killed, and eight other persons were injured today by a tornado which struck Merrellton, Ala., near here.

The dead are Miller Parker, eight years old, and Roosevelt Smith, a small child, age unknown.

They were killed when a part of a school building collapsed. Those injured were in the building.

The teacher of the small school, Miss Madge George was seriously injured and is not expected to recover. The other injured were not seriously hurt.

Clifford Miller, of Indianapolis, visited his sister, Miss Kathryn Miller, deputy county auditor, Friday.

Cattle were steady, a few beef steers sold from \$12.00 to \$13.25. Vealers were 50 cents higher, selling from \$18.50 down.

Sheep and lambs were slow, some bids lower. The best lambs held around \$17.25.

KNOWN DEAD IN MINE EXPLOSION RISES STEADILY

NO ONE KNOWS POSITIVELY HOW MANY MEN ARE STILL IN THE PENNSYLVANIA MINE WRECKED BY GAS BLAST—BRATTICES MAY SHELTER MANY

KINLOSH MINE, near Parnassus, Pa., Mar. 22.—(INS)—The known death toll of the mine gas explosion here mounted today to twenty-eight, of whom twenty-one have been identified.

Bodies of the unidentified victims have not been removed to the surface. Rescue teams returning from below reported discovery of the others.

No one, not even company officials themselves, know positively how many men are still in the mine. Deputy Coroner Charles F. Brush of Westmoreland county, in charge at the temporary morgue, hazarded a guess that there may be thirty-five, but there were others who thought the number should not be that large.

A report reaching the surface to the effect that a party of four miners trapped twenty-four hours ago had succeeded in bratticing themselves in a section and were still alive electrified the 2,000 persons clamoring for information at the gates of the Valley Camp Coal Company yards here.

Rescue teams reported discovering several barriers resembling brattices. They hoped that when gas clears sufficiently to tear these away they will find a number of survivors.

O. F. Taylor, superintendent of this ill-fated mine, would not say he thought many of the men not yet located might be alive, for fear of increasing the burden of the bereaved by possibly giving rise to false hopes.

But Taylor and others in charge of rescue operations were determined to press forward into the unexplored sections as rapidly as possible.

There were few emotional displays when the recovered bodies were carried up the long tier of steps thru the main entry from the bottom of the shaft. Many clamored at the temporary quarters of state police for a pass that would enable them to view the dead.

H. S. INSPECTOR HERE NEXT WEEK

John Hussey, state high school inspector, will be in Putnam County to inspect high schools next Wednesday and Thursday, according to a notice mailed County Superintendent John C. Vermillion. Mr. Hussey probably will address high school principals at their monthly meeting here next Wednesday and also will attend and probably speak at the local Chamber of Commerce banquet for county basketball teams, coaches and trustees, next Wednesday evening at the local gymnasium.

HUBERT DIRKS WINS CONTEST

Hubert Dirks won the Greencastle high school Discussion League contest from field of six entrants in the high school auditorium last night. Because no other school in the county has an entrant in the county contest, Dirks will represent this county in the district contest at Terre Haute, April 12. The subject discussed was "America's Responsibility for World Peace."

Judges of the contest were C. C. Gillen and Glen Lyons, local attorneys, and Mrs. Frank Donner. The presiding officer was Miss Christine Dietrich, high school teacher.

Second place in the contest was given Philip Taylor and third place went to Mary Louise Kocher.

GOLDSTEIN PARDONED

WASHINGTON, Mar. 22.—(INS)—Mat Goldstein, former St. Louis politician, who was convicted for conspiracy in the Jack Daniel distillery case and who served nearly a year of his sentence in Leavenworth penitentiary, has been given an unconditional pardon by President Hoover, it became known today.

The pardon restores Goldstein's citizenship rights, including the right to hold public office.

SPRING VACATION

Children of the city schools will have a two days spring vacation next Thursday and Friday, local school officials announced today.

REBUILDING OF WEST COLLEGE IS CONSIDERED

SUB-COMMITTEE APPOINTED TO WORK OUT MORE DEFINITE PLANS FOR NEW STRUCTURE—ENTERTAINED AT HOME OF PRESIDENT AND MRS. OXNAM

The executive committee of the board of Trustees of DePauw University met here yesterday afternoon to consider plans for the replacing of West College with new building. West College is the oldest structure on the campus, having been built in 1837. It was condemned March 1, as unsafe, one part of the building having pulled apart from the main section and one side having begun to settle.

West College housed, up to this time, the military department, the geology department, and classes of the comparative literature department, psychology department, and language department. It also housed Little Theatre. The classes have been temporarily transferred to the music school, Minshall laboratory, and the basement of Meharry hall. Some of the comparative literature classes have been conducted in the chapel assembly room.

The committee considered the type of building that ought to replace West College, the work that should be done in it, and the nature of financing the new structure.

A sub-committee was appointed to work out more definite plans. This sub-committee will report back to the executive committee at the earliest possible moment, as will also architects, engineers, and others associated with the plans. The committee will hold its first meeting in Chicago next Thursday, March 28.

Members of the committee present were Roy O. West, Washington, D. C., president of the board of trustees; William Adams, Bloomington; A. B. Cline, Bluffton; H. H. Hornbrook, Indianapolis; Will H. Latta, Indianapolis; Fred Hoke, Indianapolis; Charles Barnaby, Greencastle; and George W. Switzer, St. Joseph, Mich.

Other important business besides the building plan was under consideration, but due to the fact that this business was likewise turned over to sub-committee no definite announcements can be made regarding the matters under discussion.

The members of the committee were entertained with a dinner and reception at the home of President and Mrs. G. Bromley Oxnam. Mrs. Edward Rector, Chicago, who visited the campus yesterday, Miss Mary Rowland, her niece, a student in DePauw, Mrs. Charles Barnaby, and Miss Katherine S. Alvord, were also guests.

Mr. West remained in Greencastle until after chapel Friday when Dr. Elwood Mead, of the Reclamation bureau, Department of the Interior, spoke. He and Mr. West returned to Washington together.

ENGLISH HORSE WINS \$65,000

By CHARLES A. SMITH
I. N. S. Staff Correspondent
AINTREE, Eng., Mar. 22.—Gregalach, owned by Mrs. M. A. Gemmell of England, won the Grand National Steeplechase today over a heavy field.

Easter Hero, J. H. Whitney's entry, and favored at the start to win, finished second.

Richmond was third. Out of between 60 and 70 horses which started, only 22 remained after the eighth jump. Easter Hero was running strong among the leaders of the field.

Gaglach paid 100 to 1; Easter Hero paid nine to one and Richard II 40 to one.

Gaglach, by winning, won a purse valued at about \$65,000 for his owner.

MRS. HAMILTON FUNERAL
Funeral services for Mrs. Mary R. Hamilton, mother of Fay S. Hamilton and James L. Hamilton of this city, were Friday afternoon at 2:30 o'clock at the home of a daughter, Mrs. Elmer Smith, north of Portland Mills. Rev. Smith of Bainbridge was in charge of the services. Interment was in the Presbyterian cemetery at Portland Mills.

Pall bearers included Francis and Lowell Hamilton, Robert Gibson and Eugene Curlin of Indianapolis, and Roscoe Scott of Greencastle.

Among those who attended the funeral were Mr. and Mrs. Fred Dyer and children, Mrs. Samuel Gibson and son Robert, Mr. and Mrs. Eugene Curlin, all of Indianapolis, Mr. and Mrs. John Hamilton and Bert Hamilton of Cloverdale.

ELWOOD MEAD SPEAKS HERE

Dr. Elwood Mead, director of the bureau of reclamation of the U. S. Department of the Interior, was introduced as the University chapel speaker Friday by Roy O. West, president of the DePauw Board of Trustees, as "the most distinguished exponent of reclamation and irrigation that has lived." Dr. Mead talked on the great Boulder-Cannon dam, the building of which he will supervise.

Dr. Mead is a native of Indiana, a graduate of Purdue university, was for eight years a professor at the University of California, and a number of years with Colorado Central college, a lecturer for a number of years at Harvard university, and engineer for the State of Wyoming. At the request of the British Government at two different times Dr. Mead instituted reclamation and irrigation projects in Australia, at two different times at Palestine, also in Cuba, also in Canada. He is soon to go to Cuba again to reclaim lands.

According to Dr. Mead the U. S. Government has legislated \$166,000,000 for the building of the Boulder-Cannon Dam. It is to be self-supporting, paying for itself in fifty years. The amount will be sold in government bonds at four per cent.

He explained the need of the dam, saying that the saucer-like depression between Colorado and California is entirely enclosed. While the Colorado river is above it and the matter of irrigating it is simple; there is the danger of the overflowing of the river. A large amount of silt is deposited every year, building up the stream, and the levees that have been built must be constantly built higher. It is evident that something must be done soon. The Boulder-Cannon dam will be 700 feet high, higher than any dam existing, and will regulate the seasonal flow of water for the entire Imperial valley, including Colorado, Wyoming, New Mexico, Utah, Nevada, Arizona and California. The population and wealth can well afford the dam, and there is to be no drain in the way of taxes upon the rest of the country, he said.

The United States has \$166,000,000 invested in the bureau of reclamation. Mr. West said this had been so successfully handled by Dr. Mead that it has returned \$130,000,000 in revenue.

NOTICE PETITION TO IMPROVE HIGHWAY

Notice is hereby given by the undersigned auditor of Putnam County, Indiana, that there has been filed in his office a petition by H. C. Cox, et al., for the improvement of a certain highway in Madison Township, said county and state, and that said petition is set for hearing before the Board of Commissioners of said county, on Monday the 1st day of April, 1929, the same being the first day of the regular April term 1929, of said board. Which said petition is in the following words and figures, to-wit:

We the undersigned resident freeholders and voters being more than fifty in number, of Madison Township, Putnam County, Indiana, petition and ask that the highway now established, but only partially improved to any extent and hereinafter described, in Madison Township, be laid out, established and improved by grading, draining, ditching, bridging, resurfacing and paving the same under and pursuant to the Statute of the State of Indiana commonly known as the "Three Mile Law."

Said proposed highway construction and improvement is described as follows, to-wit:

Starting at a point on the improved gravel road known as the "Forn Road," in the east half of the north east quarter of Section 27 Township 14 North, Range 5 West, said point being just west of the Bridge over Little Walnut Creek and south of the C. C. & St. L. Railroad Bridge over said creek; running from there north parallel to the stream bed of the Little Walnut Creek to the center of the south line of the west half of the southeast quarter of Section 22, Township 14 North, Range 5 West; from there running due east to a point in the center of the west half of the North-west quarter of Section 23, Township 14 North, Range 5 West, on the south line of said quarter section; thence running north to an improved rock and gravel road known as the "Brunerstown - Mansfield - Rockville Road."

Said proposed highway construction and improvement being less than three miles in length, to-wit: about one and three-quarters miles long; your petitioners ask that said improvement and construction be ordered made without holding an election therefor.

Your petitioners recommend that said proposed highway be constructed and improved to a width of thirty-five feet and that proper drainage be provided, and that all streams along said highway be properly bridged.

Said highway connects at each end with improved rock and gravel roads. Signed: H. C. Cox and 77

others.

In witness whereof I have hereunto set my hand and the seal of my office at Greencastle, Indiana, this 14th day of March, 1929.

FINDS RELIEF IN SINGLE BOTTLE OF NEW KONJOLA

Popular Young Man Had Remarkable Experience With Master Remedy After All Else Had Failed.

MR. J. L. COMBS JR.

"Almost instantly Konjola struck the spot that I had been unable to reach with medicine after medicine," said Mr. J. L. Combs, Jr., 803 South Union Street, Kokomo, Indiana.

"I tried in a vain effort to find relief from stomach trouble and constipation that has resisted simply everything. My general health was alright but I was unable to throw off those two afflictions. Intense pains, gas bloating, heart palpitation and headaches were my constant companions. Through the lack of sleep, insufficient nutrition and constipation, I became extremely nervous and lost energy.

"When I read what Konjola was doing I jumped at the opportunity of giving this medicine a fair trial. One bottle brought back my appetite, my digestion was restored and the bowel trouble ended. The headaches disappeared as if by magic. It seemed too good to be true, but true it is, every word of it. I recommend Konjola to everyone."

Konjola is sold in Greencastle at Owl drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

SCHLOSSER'S OAK GROVE BUTTER

Does your husband leave this up to you?

If you have the responsibility of looking after the family car, there are some things you ought to know about motor oil . . . Things which nobody has cared to talk about before.

Oil must meet four requirements, engineers say, if lubrication is to be both complete and correct. Motor oil must provide—

the 4 essentials of complete and proper lubrication

1. LOW CARBON CONTENT
2. NON-FOULING CARBON
3. IDEAL BODY AT ALL OPERATING TEMPERATURES
4. LOW POUR POINT

Thousands of automobile owners have found that there is one oil—Shell Motor Oil—which has all four of these characteristics.

Many otherwise good lubricants leave excessive carbon of a hard, flinty nature. But Shell forms little carbon, 20 to 35 per cent less than most oils.

And the little carbon which it forms is soft, fluffy, non-fouling. It blows away with the exhaust gases.

Shell Motor Oil has ideal body at all operating temperatures. That means it has courage and fighting heart . . . it won't break down and

cause trouble through long, hard service. You may never need to drive sixty miles an hour, but it's good to know you can with safety to your engine.

And Shell Motor Oil has a low pour point to make starting easy in cold weather.

Regular users of Shell Motor Oil tell of marked reduction in carbon removal jobs. They report amazing trouble-free performance, enjoy lowered operating costs and have fewer repair bills.

The quality which makes such satisfactory performance possible, is due to two things: the selection of the crude petroleum which forms the base of Shell Motor Oil, and the refining process which prepares that crude for use.

Shell's vast oil fields produce a great quantity of crude oil from which Shell selects its lubricating stock. And the refining process developed and used exclusively by Shell, prepares this crude in a very special way. Then Shell Motor Oil passes 259 tests before it is sealed for shipment from the refinery.

STOP AT THE SIGN OF THE SHELL

You'll find courteous attendants who will be glad to drain the crankcase of your car and refill with the right amount and correct grade of Shell Motor Oil. The familiar yellow and red service stations are convenient everywhere.

If you have a car, but no husband . . .

The business woman who drives a car should be particularly concerned with the economy of operation and the continuous trouble-free service which the use of Shell Motor Oil assures.

Women like 400 "Extra Dry" Shell Gasoline because it starts quickly and delivers the extra ounces of power when needed. Ought to cost more, but it doesn't.

SPRING WON'T BE SPRING TO KIDS AT SOUTH BEND; ROLLER SKATING BANNED

SOUTH BEND, Ind., March 21.—Police and school officials here have conspired to make a pair of roller skates about as useful to a youngster as bunions to a traffic cop.

Just when the first days of spring came along and the ice and snow was off the sidewalks the police department and school authorities got together in conference and decreed that there will be no roller skating in the streets. And it won't be tolerated on the sidewalks either it was decided.

Pointing out the menace of life and limb of school children because of the great amount of vehicular traffic, Chief James J. Hatt and his assistant, John B. Kuespert, addressed school principals and obtained their promise of co-operation to reduce roller skating.

ADVERTISING CLUB MEETS

An advertising club, formed by DePauw students of the subject under Prof. L. E. Mitchell, held its first meeting Thursday evening in Dickey hall in Middle college. Officers elected were Theodore Callis, president, and June Landis, secretary-treasurer.

Edward J. Herman, of L. Strauss and Co., of Indianapolis, presented a discussion of modern advertising. An artist himself, he demonstrated methods of hand-lettering in preparing advertisements.

"Speak the truth and compel attention," was Mr. Herman's way of summing up the essentials of successful advertising.

BIRTH CONTROL TOPIC STARTS STUDENTS TALKING

BLOOMINGTON, March 21.—(INS)—Birth control was the topic of much conversation on the Indiana University campus here today following a lecture delivered to students by Everett Albert Wiggam, a native Hoosier and prominent scientific writer. Wiggam was introduced to his university audience by President William Lowe Bryan.

Wiggam predicted that predetermination of sex would be possible in the not distant future. He declared that within six years a medicine already perfected would be sold in tablet form at all drug stores which will assure birth control for any woman desiring it.

"This will be a sound, healthful, biological birth control," Wiggam said. "Some people will destroy themselves by it but the more intelligent will survive."

Peering still further into the future, Wiggam predicted that the time would come when children would not be borne by women but in incubators.

OPERETTAS TO BE PRESENTED AT HIGH SCHOOL

"FROLIC OF THE BUGS" AND "PETER RABBIT" TITLES OF PRODUCTIONS TO BE GIVEN BY GRADE SCHOOLS—KENNETH UMFLEET SUPERVISES PRODUCTION

Through the cooperation of the three ward schools, under the direction of Kenneth Umfleet and the Music School Operetta class, two operettas will be presented by the children on Apr. 5 at 8:00, in the high school Auditorium.

The first of these, "Frolic of the Bugs" is the story of a Little Boy and a Little Girl, who disliked bugs, and were made to understand their value by the Queen Bug. Important parts will be taken by Mary Frances Carson, Queen; Norma York, Little Girl and Bobbie Myers, Little Boy. Chorus and dancers have also been selected.

"Peter Rabbit," the second operetta, is based on the old child's story about Peter Rabbit and McGregor. Parts are being taken by Mary Virginia Young, Mother; Evelyn Allee, Peter; Mary Louise Conrad, Mopsy; Jack Gillespie, Cotton Tail; Fay Jones, McGregor and Ervane Cox, Flopsy.

Last year the operetta class successfully gave "On Midsummer's Day," "Kay and Gerda," and "The Forest Court." The producing staff is divided into committees in charge of stage management, costumes, dances and publicity. Work is progressing rapidly and scenery and costumes will be very attractive. Tickets will go on sale through the school children within the next two weeks.

AUTOMOBILE LICENSE LAW IS QUESTIONED

MAKES PROSECUTOR, JUDGE AND JURY OUT OF OFFICER. IS ALLEGATION—CONSTITUTIONALITY QUESTIONED—DRIVER HAS NO COME-BACK

The Greenfield Daily Reporter says:

"M. E. Noblett, State highway policeman, was in Greenfield Tuesday investigating irregularities in the use of automobile licenses and the like. It was the first visit of any of the State force to Greenfield since before the legislature went in session.

Officer Noblett was telling local officers how the new drivers' license law is supposed to work. He stated, according to Chief of Police Mulvihill, that everybody who drives a car will be required to have one of the licenses. The cost will be 25 cents. The card is to be carried by the driver at all times. If the driver is apprehended in the infraction of any motor law by a police officer, the officer punches the card after the offense listed thereon. Three offenses thus registered and the offender is fined and the license revoked.

It may also be noted that there is an additional fee of 25 cents for notary service.

If this is the way the scheme is supposed to work, there is some doubt as to its constitutionality, as it places judiciary as well as enforcing authority upon the police officer, and the driver, when he is found, or alleged to be found, in the third violation of the law, automatically stands convicted of the two previous offenses without hearing or trial.

MONON OPPOSES MERGER

Stockholders of the Monon railway represented at the meeting held in Indianapolis Wednesday voted unanimously against the proposal to include this line in the merger suggested by the Baltimore & Ohio system. Officials reported that 94 per cent of the common and preferred stock of the railway was represented at the meeting either in person or by proxy. The action of the stockholders will be referred to the road's directors.

The Hoosier public has a peculiar interest in the future of the Monon, since it is an all-Indiana road. With the exception of the nominal mileage for terminal facilities at Chicago and Louisville, the road is confined entirely to Hoosier soil, running from Chicago to Louisville and Indianapolis. The control of the line is vested in the Louisville & Nashville and the Southern railways, so that any shift in ownership would not mean a transfer from local to foreign ownership. Stock was acquired by the Southern systems in 1902.

Indiana also is interested in the Baltimore & Ohio system since its acquisition of the former C. I. & W., giving it direct connections with the main line at Cincinnati through Indianapolis to Springfield, Ill. Its attitude toward a transfer of controlling Monon stock will be determined largely by the possible effect of such a transaction on the shops now maintained by the Monon, which provided an annual pay roll of \$2,000,000.

Critics of the B. & O. merger plan have asserted that the transfer of the Monon would close the major repair plants at Lafayette and Bloomington, and that all such work would be performed outside of the state. The Monon also purchases about \$2,000,000 worth of materials and supplies in this state each year in the operation of the road. These purchases were made in 1928 in sixty different communities along the line, according to President Kurrie. While the control of Monon stock is a matter of little concern in itself, the continued disbursement of about \$4,000,000 each year is an important consideration to many Hoosier citizens—Indianapolis Star.

WINS \$1,500 DAMAGES FOR 80 ADDED POUNDS

SAN FRANCISCO, Cal., Mar. 21.—The Southern Pacific Railroad Company, convicted of adding eighty pounds to the weight of a woman passenger, was assessed at the rate of \$18.75 a pound by a jury in Supreme court here.

Mrs. Elsie Rea, 20 years old, the plaintiff, testified that she fell while aboard a Southern Pacific ferry and received injuries to her thyroid and pituitary glands which caused her to gain in weight from 145 to 225 pounds.

The jury awarded her \$1,500 damages.

THE GRANADA

To Present Three Fine Pictures Over Week End

An outline of the three feature photoplays to be shown at the Granada theatre this week end follows:

Tonight only will be shown a picture of interest to history lovers. It is the French picture, "Napoleon," a thrilling epic of "The Little Corporal," the Corsican youth who gained the greatest conquests in love and battle, only to lose all by a trick of fate. The cast is special and well-balanced.

On Saturday will be presented Columbia's latest picture, "Sinners' Parade," with Victor Varconi and Dorothy Revier. This is an unusual drama exposing the sensational lives of those who pose as saints and live like demons.

Sunday and Monday the great undersea picture, "Submarine" will be shown. This is a genuine hit.

THE VONCASTLE

Final Showing Of "Canary Murder Case"; Tom Tyler Coming

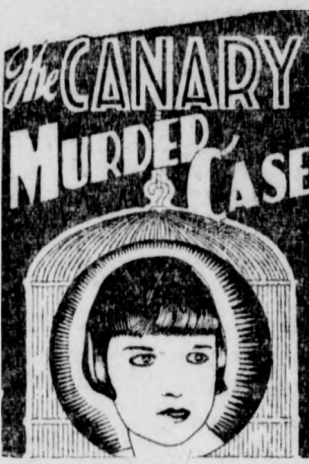

Tonight will be the final showing of the famous mystery story "The Canary Murder Case" which has attracted large crowds at the Voncastle theatre during its showing here. The picture is one of the outstanding mystery stories of the year and features some well known actors.

Saturday the Voncastle will offer the ever-popular Western star, Tom Tyler and his pal, Frankie Darro, in his second picture of the new Western series "The Trail of the Horse Thieves." On this bill will also be another chapter of "Tarzan the Mighty."

Sunday and Monday Adolphe Menjou will be seen in his very latest picture, "Marquis Preferred."
